

Hey,

This is Clovis Ategeka, the man behind Vision Cafe Uganda and Vision Force Uganda. I take the pleasure to extend to you my appreciation from the deepest part of the bottom of my heart for your support towards Vision Cafe Uganda in the "Pay it Forward Clovis Project", through Michael Blomsterberg.

Your support has resulted in the formation of the best Internet cafe in Uganda, awakening the souls of students and friends of Vision Force Uganda, and exposing Uganda's ability to win and Create to the world through connection.

I thank you on my behalf and on behalf of my colleagues, that what you have done will not only stay in the hearts of many, but will blossom to greater seeds of growth and generosity.

Vision Cafe and Vision Force Uganda have taken on a new life, and it is all courtesy of your support: financially, spiritually and emotionally.

When such a great MIRACLE happens to me, I run short of words. "I treasure and honor you as a friend and an Ally."

We shall prevail.

Clovis Ategeka.
